## **Post - Drilling or Annual Well Inspection Form**

| Section 1: General Information   |  |  |
|--|--|--|
| Operation Data   | Inspection Data                              |  |
| Operator Name  | Inspector Name                               |  |
| Snake River Oil & Gas Well Name  | Dave Schwarz                                 |  |
| Kauffman 1-34  | US Well ID Number<br>11-075- 20024           |  |
| Operator Contact Pat Harris (208) 995-4892; Dan  | Inspection Date                              |  |
| Johanek (208) 707-7867 County: Payette   | 24Nov2020                                    |  |
| QLGISTERE)   | Report Date: 27 Nov 2020                     |  |
| Inspector's Signature:   | Inspection Summary:                          |  |
| \\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\   | Operation is in compliance as of inspection. |  |
| CEOLOGES ()  | Issues of concern are identified below.      |  |
| Location Description: Shut In  |  |  |
|  |  |  |
| State Lease? No Yes, then number:  |  |  |
| Federal Lease? No Y Yes, then number: I D I  | 2 2099                                       |  |
|  |  |  |
| Scope of Inspection (check all that apply and, or, were verified during the inspection):   |  |  |
| Well site Tank Battery W   | ellhead ☐ Meters ☐ Other:                    |  |
| If well site, is the well a multiple zone completion?  | ☐ Yes ☑ No                                   |  |
| Section 2: Pits  |  |  |
| 1 Are nite legated as size 0   | IDAPA 20.07.02.230                           |  |
| 1. Are pits located on site?   |  |  |
| <ol> <li>Are pits located on site?</li> <li>A. If ves:</li> </ol>  | ☐ Yes ☑ No                                   |  |
| A. If yes;   | _  |  |
| A. If yes; i. Permitted as:  | Short-term pit                               |  |
| A. If yes;   | Short-term pit                               |  |
| A. If yes; i. Permitted as:  | Short-term pit                               |  |
| A. If yes;  i. Permitted as:  ii. Use Corresponding Pit Inspection Form and  Section 3: Identification of Wells  | Short-term pit                               |  |
| A. If yes;  i. Permitted as:  ii. Use Corresponding Pit Inspection Form and  | Short-term pit                               |  |
| A. If yes;  i. Permitted as:  ii. Use Corresponding Pit Inspection Form and  Section 3: Identification of Wells  1. Is a lease access road sign visible where the principal  | Short-term pit                               |  |
| A. If yes;  i. Permitted as:  ii. Use Corresponding Pit Inspection Form and Section 3: Identification of Wells  1. Is a lease access road sign visible where the principal A. If yes;  | Short-term pit                               |  |
| <ul> <li>A. If yes;</li> <li>i. Permitted as: <ol> <li>ii. Use Corresponding Pit Inspection Form and</li> </ol> </li> <li>Section 3: Identification of Wells <ol> <li>Is a lease access road sign visible where the principal A. If yes;</li> <li>i. Does the sign show: <ol> <li>a. The name of the lease?</li> </ol> </li> </ol></li></ul>   | Short-term pit                               |  |
| <ul> <li>A. If yes;</li> <li>i. Permitted as: <ol> <li>ii. | Section 4: Location Operations   | IDAPA 20.07.02.301                    |
|--|---------------------------------------|
| 1. Is the well site fenced?  |                                       |
| (Answer N/A if the well has not been completed and fencing is not erected)   | ☐ N/A ☑ Yes ☐ No                      |
| A. II res;   |                                       |
| i. Was the fence installed within 60 days of completing the facility?  | ☑ Yes 🗌 No                            |
| ii. Does the fence appear to:  |                                       |
| a. Maintain safe working conditions?   | ☑ Yes ☐ No                            |
| b. Secure the well site?   | ✓ Yes ☐ No                            |
| c. Prevent access by wildlife and livestock?   | ✓ Yes ☐ No                            |
| 2. Is the site free of excess vegetation?  |                                       |
|  | ☑ Yes ☐ No                            |
| <ul><li>3. Has it been more than six months since the removal of the drilling rig?</li><li>4. Are chemicals stored and maintained in accordance with</li></ul> | ☑ Yes ☐ No                            |
| all applicable MSDS requirements?  | ☑ N/A ☐ Yes ☐ No                      |
| 5. Do all vehicles or materials on the site appear to be in use?   | ☑ N/A ☐ Yes ☐ No<br>☑ N/A ☐ Yes ☐ No  |
| 6. Is the site free from all trash, debris, or scrap metal on site?  | Yes No                                |
| a. If no, is all trash, debris and scrap metal pending removal kept  |                                       |
| in a wind proof container and appear emptied regularly?  | ☑ N/A ☐ Yes ☐ No                      |
| b. If trash or debris constitutes a fire hazard, is it removed to at leas<br>100 feet from the facility, tanks or separators?                                  | t Com Town                            |
| the result and receiving, terms of Separators?   | N/A Yes No                            |
| Section 5: Chokes  | <u> </u>                              |
| 1. Are all flowing wells equipped with adequate chokes to properly control flow?   | IDAPA 20.07.02.312                    |
|  | N/A                                   |
| Section 6: Separator Location and Meter System Location  | 71000                                 |
| At Well Site   |                                       |
| Section 7: Hydrocarbon Fluid Measuring Systems   |                                       |
| Coriolis Measuring System for Liquid Hydrocarbons Orifice Measuring System   | for Cossess III.d.                    |
|  | · · · · · · · · · · · · · · · · · · · |
| Are meter system calibration tags current? Yes No Shut   | In                                    |
| Section 10: Inspection Comments  |                                       |
| Comments and Issues of Concern: Shut In.   |                                       |
|  |                                       |
|  |                                       |
|  |                                       |
| Section 11: Attachments (CL)   |                                       |
| Section 11: Attachments - if hardcopy, attach to this form. If electronic, place in e-file   |                                       |
